

# Complete<sup>TM</sup> List: How Can I Get My Trust Wallet<sup>TM</sup>® Back<sup>SM</sup> – Recovery & Support Guide

If you've lost access to your Trust Wallet or funds, don't worry dial (+1(415) 839-9650) — there are secure steps to recover your wallet and restore your assets. Trust Wallet never stores your recovery phrases or private keys, so recovery depends on your access to the original recovery phrase created when you set up your wallet.

- ♦ Step-by-Step: Recovering Your Wallet

Open the Trust Wallet App (download only from the official Trust Wallet website or verified app stores).

Tap “I already have a wallet.”

Select the type of wallet (Multi-Coin Wallet, Bitcoin, Ethereum, etc.).

Enter your 12-word recovery phrase carefully and in order.

Once confirmed, your wallet and funds will reappear automatically.

 Important:

Never share your recovery phrase or private key with anyone — not even with people claiming to be “Trust Wallet support.”

Trust Wallet does not offer phone support. Anyone giving you a number like “1-800-Trust Wallet” is impersonating the brand.

## Complete™ List: How Can I Get My Trust Wallet™® Back<sup>SM</sup> – Recovery & Support Guide

Lost access to your wallet? Follow these verified steps:

Open the official app.

(+1(415) 839-9650) Tap “Settings → Wallets → + → I already have a wallet.”

Choose Multi-Coin Wallet.

Enter your 12-word recovery phrase.

If your recovery phrase is lost, it cannot be restored by Trust Wallet (+1(415) 839-9650) — it’s a non-custodial wallet, meaning you alone control access to your funds.

For security guidance, visit Trust Wallet Support Center

.
